COMMITTEE REPORTS

Legislative

Mrs. Waldron reported that Legislator Kennedy has announced that tomorrow evening, 8/22/07, there will be an informational meeting regarding groundwater at the Wind Watch from 7:00 p.m. to 9:30 p.m. U.S. Geological Survey, experts on groundwater, will be providing some information. There will also be a company, Vector Controls, discussing mosquitoes. Mrs. Waldron requested that someone from the District attend the meeting. The Superintendent agreed to have a representative at the meeting.

SUPERINTENDENT'S REPORT

Updates – The Superintendent brought the Board up-to-date on the following items of interest:

- As part of a continuing outreach initiative spearheaded by Smithtown District officials, Dr. Meryl Ain represented the district at a Town Meeting on cough medicine abuse yesterday. Legislator Lynne Nowick invited district participation to yesterday's event following a meeting in her office last month that included Board of Education President Carl Gianino and Superintendent Edward Ehmann. At the event yesterday, Lynne Nowick was among a distinguished panel of experts to launch community awareness on how to prevent medicine abuse among Suffolk County's youth. Legislator Nowick has drawn local and national attention to the problem with her law to ban the sale of cold medicines with DXM (dextromethorphan) to teenagers 19 and younger. This substance is found in most cough suppressants and when abused can cause serious adverse effects. August has been declared National Medicine Abuse Awareness Month.
- The Nesconset Elementary School PTA recently established the Mary Cahill Scholarship in recognition of Mrs. Cahill's dedication and service to the children, parents and community.
- The District has been monitoring the class sizes in grades K-5. During our budget development we made a commitment to maintaining class sizes of no more than 25 in grades K-2 and 27 in grades 3-5. The figure of 27 was arrived at as a result of contingency. Recently there was discussion with the Board that we would attempt to begin to work towards lowering the class sizes in grades 3-5. Given the size of the district and the number of sections we are monitoring we will be recommending starting reductions with third grade. At this time it would appear that we have the FTE's necessary to lower the class size average in third grade to 26. This will result in the following:
 - St. James Elementary – third grade will break from 3 sections to 4.

- Nesconset Elementary – second grade will break from 2 sections to 3.
- The District will continue to monitor all sections.

- Mr. William Seevers of Environmental Technology Group, Inc. gave the Board an overview of ETG's plans to correct the Branch Brook septic problems.
