ABSTRACT
SPECIAL EDUCATION EXTENDED SCHOOL YEAR PROGRAM
SUMMER 2017

The Extended School Year Program (ESYP) is designed to meet the needs of those children whose special needs because of a handicapping condition are severe enough to need a structured learning environment of twelve months duration to maintain developmental levels. The students whose Individualized Education Program (IEP) designates the Extended School Year Program as the service provider for a twelve month program will be eligible to attend.

The Committee on Special Education criteria is in accordance with the criteria submitted to the State Education Department for approval of the Extended School Year Program.

Eligibility for this program is also extended to Smithtown School District residents who are in/out of district placements and for who the Committee on Special Education recommends twelve month programming and designates the Extended School Year Program as the service provider for the July/August component.

Students from other Suffolk County school districts may be eligible to attend the Program if the Committee on Special Education of the home district recommends twelve month programming, designates the Smithtown School District Extended School Year Program as the July/August component, and that student does not displace a Smithtown resident.

Tuition and transportation costs for the Extended School Year, at present, is partially funded through the State Education Department.
